

This toolbar allows the user to login, open the Contact Us page, access set-up settings, and search the website (using Google Search API)

This is the main menu toolbar. From here the user can navigate to the Home, Observations, About Us and Contact Us pages.

This page describes the team and history behind the webpage and the reasons for its establishment.

1. About Us

#	Note
1	Click on this icon to sign in as a different user.
